2. Oh yeah also with the CO's not always being present in and an our unit/pod we had a dear friend of our's pass away/commit suicide. [REDACTED], She was in Room 37 right next to me and my celly. She was a very beautiful young black woman, age 22. Same age as I, there was a lot going on with her and her family, that drove her into her decision. Later on the evening

of March 2, 2024 [REDACTED] hung herself in place of where there should have been a plastic piece. Should have been over the light. It was a little after 4:30 p.m. after we were fed chow. After that the CO. left and not another one showed up till after 11 p.m. that night. God rest her soul. # Black Lives Matter.....

3. Also, there has been a CO by the name of Mr. Gray that has made several flirtatious comments to me and told me to look him up after I made bail like to "get up with me."

4. So, as you read this letter, please take in everything that I'm letting you know. And, yes, its all true and it's so sad that even though it's our faults we are even in jail, jails aren't supposed to be like this. It's so inhumane. Hopefully, this will help you out on some known experienced logic that's going on in Alvin S. Glenn.

5. Attached hereto is my own hand-written statement that is the same in all material respects as this Declaration.

Dear Mr. Stewart,

Hi my name is [REDACTED] and I am currently an Alvin S. Glenn inmate. As I'm sure you know that the organization of this jail is all out of order. Not only that but the conditions are... Leaking toilets, cells with no lights. Some of our sinks have no water, so we go all day without cold water to hydrate our bodies. Sometimes we don't even have a water cooler with water in it and if we do we MIGHT get to come out of our cell to retrieve some of that water, if the CO lets us. Our food is still slop sometimes the meats we get served is still pink and red on the inside. The showers are disgusting. Nats stay lingering in our cell rooms. Some of the COs at times don't even give us our mandatory 1 hour Rec. A lot of times me and my roommate take "sink wash offs" because of the mildew & mold in our showers. Oh yeah also sir with the COs not always being present in and on our unit/pod we had a dear friend of ours pass away / commit suicide. Ms. [REDACTED], she was in Room 31 right next to me and my celly. She was a very beautiful young black woman, age 22. Same age as I, there was a lot going on with her and her family, that drove her into her decision. Later on the evening of March 2, 2024 [REDACTED] hung herself in place of where there should have been a plastic piece should have been over the light. It was a little after 4:30pm after we were fed chow. After that the CO left and not another one showed up til after 11pm that night. God rest her soul. #BlackLivesMatter
